

Every JSAVES™ will require sizing when taken out of the shipping box. When properly fitted, the JSAVES™ with pockets shall fit close to the body, be supported by the shoulders, and not cause back discomfort when in use.

1 PUT ON JSAVES
Fasten front buckles.

2 ADJUST SHOULDER STRAP
Pull down to tighten. Tuck in loose straps.

3 ADJUST WAIST STRAP
Pull to tighten.

4 UNFASTEN SIDE BUCKLE
Slide back-facing buckle out through web loop keeper.

5 SELECT HEIGHT- 4 BACK SLOTS
Pass unfastened buckle through corresponding loops on both tails on back of vest. Select level (1-4) that best fits your stature.

6 REFASTEN SIDE BUCKLE
Tuck in loose straps.

7 MARK TACKING LOCATION
Mark location where upper back corner of vest meets harness cross-piece. Mark both sides. Ensure snug, comfortable fit before tacking.

8 TACK
Stitching shall be in accordance with Type 301, Federal Std. 751. See complete manual for detailed instructions.

9 FINAL ADJUSTMENTS
Add pockets, adjust legs.
