

# PROTECTIVE CLOTHING

## COVERALLS and DRY SUITS

### COVERALL, NOMEX FLYER'S CWU-27/P

LSI P/N: CLO-1000-00 (Sage Green)

These aviator flight coveralls, CWU-27/P, are one-piece garments fabricated from polyamide cloth, a high temperature resistant, inherently flame retardant Nomex<sup>®</sup> synthetic fabric with no hot melt point or drip characteristics. The lightweight (4.2 ounce/square yard) fabric will not support combustion, but will begin to char at 700° to 800° degrees Fahrenheit. MIL-C-83141 A.

**Colors Available:** Freedom Green, Navy Blue, Desert Tan, (CWU-28/P), Black.

### U-ZIP-IT ANTI-EXPOSURE SUIT

LSI P/N: CLO-1404-size/color

The U-ZIP-IT is a breathable, fire resistant dry suit which provides ultimate comfort and mobility for aviators, along with the highest level of cold water immersion protection. The low slung zipper makes donning easier than standard designs and the articulating elbow and knee patches significantly improves movement in and out of the aircraft.

**Colors Available:** Sage Green, Orange and Black (Custom Order)

**Sizes:** XS-XXL

### ANTI-EXPOSURE COVERALLS, CWU-86/P & CWU-87/P

Mil Spec: MIL-DTL-856336

LSI P/N: CLO-1186-00 (CWU-86/P)

LSI P/N: CLO-1187-00 (CWU-87/P)

Ruggedized, waterproof coveralls complete with overvest, pockets, latex neck seal and neoprene wrist seal. Manufactured with fire-resistant, laminated, sage green Nomex<sup>®</sup> base cloth. Designed to be worn with or without coverall undergarment. Intended to be used in conjunction with waterproof socks (not included). The Anti-Exposure Coveralls are reinforced with ruggedized patches to withstand the use of US Navy aircrew men on flight over water. Flight coveralls are proven to protect wearer from exposure against hypothermia and exposure to cold water, wind spray, and rain in the event of a water landing.

**Available Sizes:** Small-Short to XLarge-Long

CWU-86/P: Mens Sized Anti-Exposure Suit

CWU-87/P: Womens Sized Anti-Exposure Suite

Henderson has developed a wetsuit system for all rescue situations, for both military and civilian applications. All of these items listed have been chosen for use as replacement and original issue by the USCG Helicopter Rescue Swimmer Program.
