## PCU-15/P AND PCU-16/P TORSO HARNESS

LSI P/N: CLO-2100-00 (PCU-15/P)

LSI P/N CLO-2156-00 (PCU-16/P)

The PCU-15/P and the PCU-16/P Torso Harness are both a single unit assembly designed for wear by the aircrew aboard an aircraft in which the parachute is installed in the ejection seat.

- The harness consists of a lightweight, flexible, nylon vest and utilizing a sectional main sling.
- The difference between the PCU-15/P and the PCU-16P is sizing
  - The PCU-15/P fits the 5th - 95th percentile range.
  - The PCU-16/P fits the 5th percentile.

## MACK-5A (MODERNIZED AIRCREW KIT)

LSI P/N: SUR-4830-00

Modernized Aircrew Combat Kit replaces 40-year legacy USAF ACES II survival rucksack. Form and fit replacement with superior function. Dimensions H 17" - W 15.75" - D 6". Weight is less than 40 lbs. Functions as a backpack for ease of use. Two separate easy access compartments: GAU-5A weapon and ammo storage compartment, and the equipment and survival kit compartment. Both compartments have MOLLE® panels for additional storage. Waterproof pouch for equipment storage.

## IMPROVED PERSONNEL LOWERING DEVICE (IPLD)

LSI P/N: PAR-1900-00

IPLD is the modernized form and fit replacement for legacy PCU-10P, with superior functionality. Some of the critical features include, single-handed use for both connecting and descent, complies with current military operational design and application, easier to maintain and reload during training, high temperature Kevlar egress line, will not tangle and will not melt.

## ANTI-G SUIT

LSI P/N: CLO-1450-00

The CSU-13B/P is an Anti-G suit worn by fighter aircraft pilots to counteract positive head to foot G force. It is a wraparound garment with an internal inflatable bladder which compresses the waist and legs of the wearer during G induced maneuvers. Outer-shell material is fire-resistant aramid cloth. Bladder material is polyurethane coated nylon. Anti-G suit construction includes: Waist and leg entrance zipper fasteners, cord lacing fit adjustment with lacing covers, detachable leg pockets, zipper fasteners shin pockets and shroud knife pocket.

Available in seven sizes - SR, SL, MR, ML, LR, LL, LXL.

The CSU-13B/P is manufactured by Switlik and sold internationally exclusively by LSI.
